Jen's style secrets

A year after splitting with her *Bachelor* fiancé, the resilient Jen Schefft is back and dressed to find Mr. Right

You'd think one reality TV relationship gone wrong would make her gun-shy, but the sexy outfits **Jen Schefft** wears on ABC's new *Bachelorette* prove she is anything but!

"These dresses are feminine, pretty and — my goodness — they're provocative!" says Carolyn Bushong, relationship expert and author of *The Seven Dumbest Relationship Mistakes Smart People Make*. She also has this advice for other ladies on the prowl: "You don't want to go over the top — men like to wonder a little about what's behind the dress. You want to look sexy but maintain a little bit of mystery — that's more of a tease."

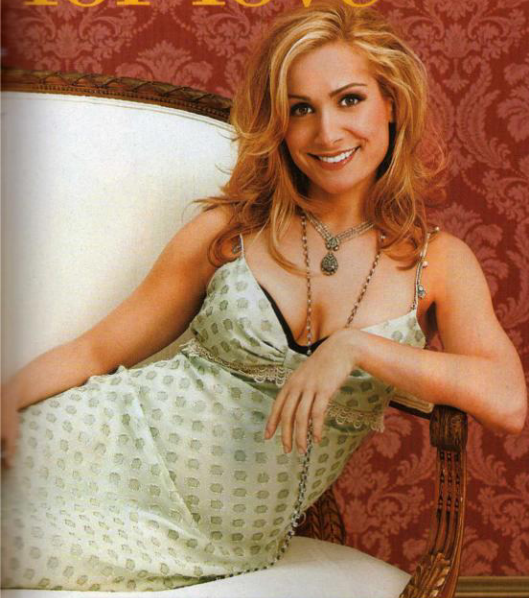

Jen's semi-sheer dress is flirty but not too revealing. "She looks beautiful, which means the guys will try harder," says relationship expert Carolyn Bushong.

Jen Schefft moved from Chicago to NYC for a second chance at love on the third season of *The Bachelorette*. Here, the five-foot-three, 28-year-old beauty wears a delicate slip dress with a lingerie feel that's not too bare
